

Patient Safety Initiatives: Safer Healthcare Now!

The following documents contain the information necessary for you to understand and support the Patient Safety Initiatives that Labrador Grenfell Health has implemented. These documents are included in this package. Read through these documents and complete the quiz included.

1. Falls Prevention Risk Assessment
2. Pressure Ulcer Assessment
3. Medication Reconciliation on Admission
4. Venous Thromboembolism Prophylaxis.
5. Dangerous Abbreviation "Do Not Use"

Also, in the back of this package of documents, is a list of these policies that we have just gone through.

Employee Policy Review Log: sign and date this log, keep for your records and send a copy back. When you receive your employee performance assessment this will be your record.

There is also an Employee Declaration. Please sign and send back to indicate your understanding of these policies and comfort with implementing them.

Thanks for your attention to these items. Welcome to Labrador-Grenfell Health and if you need my help, call anytime.
