## PUBLIC ADVISORY

### COVID-19 immunizations for priority groups across Labrador-Grenfell Health to begin March 1, 2021

Labrador-Grenfell Health is advising the public that, after postponing due to vaccine supply, it continues to plan for the implementation of the COVID-19 vaccine program for elderly persons across the region.

Beginning March 1, 2021, the Pfizer BioNTech COVID-19 vaccine will be available to individuals 75 years of age or older in communities throughout Labrador Central, Labrador West and the Northern Peninsula. The vaccine will be administered by the public health vaccination teams on location.

#### Schedule

Beginning Monday, March 1<sup>st</sup>.

Happy Valley- Goose Bay, Labrador West, Churchill Fall's, St. Anthony, Roddickton, Flower's Cove.

#### To Book an Appointment

Beginning February 11th, individuals may call **their local Public Health office** to book an appointment. It is important that patients be available to receive their second dose in 21 days.

Labrador-Grenfell Health is following provincial and national guidance on COVID-19 vaccination for priority populations. More information regarding continued implementation of vaccine in the region will be shared in the coming weeks. While waiting for your opportunity for vaccination, and after vaccination, it is important for everyone to continue to follow public health guidance to protect yourself, your loved ones, and your communities.

This includes:

- Wearing a mask and keeping 2 metres distance;
- Washing your hands frequently;
- Respecting public health guidance on gatherings, travel and quarantine.
- Staying home and calling 8-11 if you feel sick;

Labrador-Grenfell Health will continue to communicate as additional vaccine information becomes available. Please check our website at [www.lghealth.ca/vaccine](http://www.lghealth.ca/vaccine) to stay up-to-date.
