

March 2, 2021

PUBLIC ADVISORY

COVID-19 Assessment Clinic extended in St. Anthony area

Due to weather conditions on March 2, 2021, Labrador-Grenfell Health is extending its drive-thru testing site in St. Anthony. The clinic was initiated out of an abundance of caution following a positive COVID-19 test of a healthcare worker at the Charles S. Curtis Memorial Hospital.

The clinic is providing COVID-19 testing for all those who are concerned about contact and would like to be tested. An appointment will not be required for individuals at this site on Wednesday, March 3.

- **St. Anthony and surrounding area**
Wednesday, March 3, 2021
Apt 209, 178-200 West St. (back of old hospital)
9:00 a.m. to 3:00 p.m.

Should you wish to be tested in another community, or after this date, please visit the provincial assessment website: <https://covidassessment.nlchi.nl.ca/>.

We would like to thank the public for their outstanding support and the continued adherence to Public Health directives. We understand this is a difficult time and want to reassure you that the health and safety of residents in the Labrador-Grenfell Health region continues to be our priority throughout the COVID-19 pandemic.

Everyone has a responsibility to monitor for symptoms and prevent the spread of COVID. The public is reminded that we are currently in Alert Level 4 and the best defense against COVID-19 is through **physical distancing, hand hygiene, and wearing a mask.**

More information about COVID-19 can be found on the province of Newfoundland and Labrador's [website](#) and on the Labrador-Grenfell Health [website](#).
