## **PUBLIC ADVISORY**

### **Labrador-Grenfell Health celebrates Pride 2021**

Labrador-Grenfell Health is dedicated to supporting diversity and providing safe spaces for our patients, staff and community partners. To show our commitment, we will be celebrating **PRIDE Week from July 16 to 25, 2021.**

To mark the celebration, we will be raising PRIDE flags at our facilities, where we can, on Thursday, July 16 at 10:00 a.m. (local times).

We are honoured to work in partnership with local 2SLGBTQ+ communities for the flag raisings as well as supporting activities planned for staff throughout the week.

PRIDE is a time dedicated to celebrating diversity of the 2SLGBTQ+ communities, acknowledge their history and hardships, and support the continued progress made in solidarity with all individuals.

We recognize the significance of the 2SLGBTQ+ community and wish everyone a safe and happy Pride Week!
