## ***PUBLIC ADVISORY***

### **Labrador-Grenfell Health Provides Update on Vaccine Passport Requirements for Visitation**

Labrador-Grenfell Health is advising the public that effective October 22, 2021, visitors to long-term care facilities and congregate living settings will be required to present proof of COVID-19 vaccination or an approved medical exemption. This is in line with provincial guidelines regarding the Government of Newfoundland and Labrador's [vaccine passport](#).

Labrador-Grenfell Health also reminds visitors that **masks** continue to be **mandatory** at all Labrador-Grenfell Health facilities. This is a necessary precaution to keep people safe while in our health-care facilities. Wearing masks is one of the key strategies in preventing the spread of infection and is especially critical within health-care settings to protect patients, clients and residents as the COVID-19 pandemic evolves.

For more information about the NLVaxPass, please [click here](#).

To find a walk-in COVID-19 vaccine clinic near you or to book an appointment, please visit <https://www.lghealth.ca/vaccine>.
